

Introducing the...

*The Sound Choice For Business*

The studio that brought you all three of the popular Kalahari theme songs: *Kalahari Getaway*, *I Wanna Go & Kalahari Get Down*, is now offering their world class, award winning music production, sound design and voiceover services to companies big and small. The Flow Corporate Audio Group is a team of experienced composers, sound designers and audio engineers capable of giving your company the audio edge it needs to be competitive. Our range of services are vast. Whether it is audio for TV or radio, corporate videos, sound FX or voiceover for your tradeshow booth - if it can be heard, FLOW can create it! See our list of audio services on the back of this insert and let us know how we might serve you!

"Working with the Flow Corporate Audio Group has been an absolutely awesome experience. The three musical themes they created for our resorts over the years, have all been nothing but spectacular! That is why we keep going back to them. Their work is outstanding. They're masters of their craft and complete professionals. I highly recommend them for any company's audio needs. We'll definitely be using them again when the need arises."

Todd Nelson - President / Kalahari Resorts

Over!

The Flow Corporate Audio Group has provided custom audio development services to corporate clients that include McDonald's, Sears, Toyota, Wal-Mart, Burger King, Miller's Beer, ComEd, The Kalahari Resorts and The Illinois State lottery, just to name a few.
